

### MATH COURSE PLACEMENT

Southeast Community College offers a wide variety of math courses; not all math course offerings are listed on this placement guide (see the College Catalog for a complete listing). It is strongly recommended that students discuss course choices with an advisor before registering for courses.

Please note that some SCC Programs of Study do not require a math course, however, students may need to provide a math placement score to achieve a specific level of math readiness for the program.

Test Taken:  Next Generation Accuplacer  Accuplacer  ACT  SAT Your Score: \_\_\_\_\_

**KEY:**

**NG ACC** = Next Generation Accuplacer

**QAS** = Quantitative Reasoning, Algebra, and Statistics
